Explanation of the figures

In 2021 CMC Foundation funded 2 projects. In Jos, Nigeria we supported a partner for trauma counseling for children. Over 500 children, parents and teachers have been supported with counseling.

The Soweto Slums Good Samaritan Children Center is an orphanage in Nairobi, Kenya. With the funds of CMC, 12 children were able to study for a profession.

With this support, nearly all received donations have been spent on the projects. We look forward to 2022 to receive more donations, so even more impact can be made.
